WE  CUPS

DECORATION CUPS

Our decoration cups will enhance the added value and functionality of your product. We design the ultimate presentation of your quality: cups with your own logo, in your specific pantone color and in your special design. Our decoration cups are the best business cards for your company ever made ! They can be produced in small quantities starting from 20.000 cups and in sizes that match perfectly to your products.

The paper we use is greaseproof as well as food and freezer approved and especially made for baking purposes up to 220 degrees Celcius. We only use high quality offset printing with low prepress costs.

CUSTOM MADE IN EVERY PANTONE COLOR

Our range of round cups starts at a bottom size of 20 mm until 112 mm. The wall size starts at 15 mm until 54 mm. We can make a tailor made decoration cup for your products in every possible size.

The oblong cups range starts at 50 x 20 mm bottom until 138 x 38 mm with a wall size of 15-25 mm. Square cups are available in a bottom size of 40 x 40 mm and 50 x 50 mm.

Choice of paper: opaque, transparant, brown, black, golden and glassine in 32-125 grms/m2.

Decoration cups with a scallop present the side of your products to the consumer.

DECORATION DOILIES AND TULIPS

The doilies can be printed with your own logo and company name in high quality offset printing. With only 5.000 doilies you can select every pantone color or combination. We only use greaseproof paper certified for direct food contact. Since we use the same paper and printing techniques for our decoration cups and doilies we create a perfect match. They are packed in resealable dispenser boxes for easy use.

ROUND AND SQUARE DOILIES

Our range of doilies starts at 140 mm until 410 mm for round doilies and 150 x 220 mm until 370 x 500 mm for square and rectangular doilies. The doilies can be easily separated since we do not use perforation, we do not have paper waste.

The tulip cups can be made in many different sizes and with or without crown. The tulip leaves can be with square or round edges. Also for the tulip cups we only use greaseproof paper certified for baking purposes up to 220 degrees Celcius. Printing is possible in every pantone color.

You can select white, brown, black or golden paper.

TULIP CUPS WITH OR WITHOUT CROWN

INDUSTRIAL CUPS

Our industrial baking cups are produced out of high quality greaseproof slip easy paper for easy denesting. Selection of colored, transparent or opaque paper in a wide range of grammages from 32-125 grms/m². All our paper is certified for direct food contact and baking purposes. We have invested in state of the art high speed fully automatic lowcost production facilities.

AUTOMATIC DENESTING

We have a guaranteed number of cups per stack which increases the efficiency of denesting. The top out diameter is measured exactly during production and is guaranteed for easy denesting. We use paper sleeves to fix the top out diameter and to facilitate the refill of your denesting lines.

BAKING TRAYS AND MOULDS

We do have a wide range of baking moulds in round and rectangular sizes. They can be used on automatic dispenser lines.

The tulip cups can be produced in carton baking trays for industrial production lines.

CONSUMER PACKED CUPS

Our range of consumer packed cups is made of certified paper for direct food contact and for baking. Production and packaging is according to BRC certification. We can offer a full range of specifications. Colored cups, printed cups, siliconized and transparent paper, unbleached, low grammage or high grammage for stand alone baking cups.

WIDE RANGE OF PACKAGING

We can guarantee the exact number per stack and per consumer pack. We offer tailor made consumer packs in plastic resealable cups, carton boxes, polybags, blisters, PET transparent boxes. Eurolocks are optional for all types of packaging.

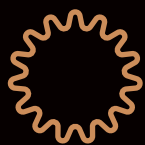

Many designs are available. For christmas, halloween or other events. Every print can be designed by our own studio.

EDIBLE BAKING CUPS

We have invented edible baking cups. Made from low or high grammage wafer paper in many colors and with or without flavour. The edible cups are of course certified for consumption and for baking purposes.

CUPS

Poolmans Baking Cups is specialized in the production of only baking cups and doilies. We consider ourselves as the producer who creates the highest possible quality and complies to the highest criteria regarding paper quality, design, printing and production of cups and doilies worldwide. We offer you a full range of sizes and small production quantities. All our cups are made of greaseproof paper, certified for baking, easily denesting and unique in design. Every product can be personalized in each pantone color. We love cups and are proud of making the best baking cups on the market for you.

ECO

Poolmans Baking Cups is BRC certified for the production and printing of baking cups and doilies. We produce ecologically friendly products that comply with the international food standards. The paper we use is tested according to LFGB, FDA, European directives for food and baking contacts and purposes. The paper is tested to all international test and certified for food packaging as well as baking purposes up to a temperature of 220 degrees Celcius. It may stand in direct contact with dry, moist and fatty foodstuff. All our products are fully recycable, biodegradable and we only want to create products with the lowest environmental impact. We only use natural greaseproof paper. The pulp is produced by the paper mill itself from spruce, a natural renewable raw material. The unique barrier properties of this paper which is made according to Poolmans Baking Cups own recipe are achieved by the mechanical preparation of the pulp with chemical additives. Only natural raw materials in combination with an extensive knowledge of paper making. That is why we can brand our paper "natural greaseproof". Wood from FSC certified forests is a further testimony to our compliances of sound environmental practices.

DUTCH

Located in the South of The Netherlands, close to the German and Belgian borders we are a truly Dutch company. Not only our production facilities but also our design, our R&D department and our international sales department are located in Landgraaf, The Netherlands. Our products are sold worldwide and we continue to innovate and keep track of all global trends.

POOLMANS

Poolmans Baking Cups started in 1956 with the design, development and production of high quality cups and doilies. As a family owned private company we are able to take care of the entire production process in-house. From prototype development to manufacturing and after sales technical support. As your business partner we will develop a custom made product for your company, which allows you to differentiate and grow in a severely competitive market. Instead of focusing on a wide range of products Poolmans Baking Cups has chosen to specialize in the production of baking cups and doilies.
